

The perfect transport solution

for devices in the red-y compact series

The portable companion for the safe transport and reliable protection of your high-quality measuring and testing equipment. The red-y compact series from Vögtlin Instruments GmbH stands out thanks to its compact design, intuitive operation and high versatility, making it an indispensable measuring instrument for technicians and users when carrying out demanding and sensitive testing tasks.

All benefits at a glance

Mobile

Safe and organised – carry everything in a single case.

Robust

Reliable protection against impacts and external influences.

Efficient

Perfectly organised for maximum operational speed.

User-friendly

Thanks to the well-designed construction, the connection fittings can remain attached to the measuring instrument.

Versatile

Suitable both for everyday use and for the safe dispatch of your high-quality measuring equipment for recalibration.

Features

The specially designed carrying case offers reliable protection against dust and dirt, whilst ensuring maximum portability for your red-y compact devices, including all the necessary accessories.

The carry case has space for

- 2 units from the red-y compact series – GCM / GCR (G1/4' and/or G 1/2' – battery-powered version)
- 3 batteries and 1 accessory compartment

Robust design

- Material: Polypropylene
- Colour: silver-grey suitcase with black fasteners
- Padding: Hard foam in the base, dimpled foam in the lid

Dimensions

- External dimensions: 357 x 305 x 95 mm
- Internal dimensions: 340 x 235 x 85 mm
